

## Season 3 Episode 5

## Nightmares from the Ultraverse

Keith is lying in bed and he twists and turns and he appears in a nightmare in a nightmarish world. Keith is in the city and there are billboards of Clyde everywhere. Keith runs away and he runs into a swarm of people with Clyde's face. Keith runs back into the street and he runs into a woman with her baby and the woman's face is Clyde's face and the baby has Clyde's face. Keith looks into the sky and he sees Clyde's face. Clyde's face said, "I rule the Ultraverse. I am the real you. You are just a weak excuse for me." Keith wakes up and he sees he is in his room in his luxury mansion. Keith said, "Could it be true? Could Clyde be here right now planning on ruling this universe? That will never happen. I am the greatest mind in the universe. I need to find that Clyde and show him who's the real brains in the universe."

Clyde is in a junkyard and it is raining. Clyde goes through old junk and broken old toys. Clyde said, "This junkyard is full of junk. There is nothing useful in here. I am stuck in this universe with nothing." Jason walks to the junkyard with a large crate filled with old stuff. Jason and Clyde see each other in the junkyard. Clyde runs to Jason and he looks through the large crate of stuff. Clyde pulls out an old computer and he pulls out an old environmental suit. Clyde said, "Yes, this stuff is perfect." Jason said, "This is all junk. Mason just sent me here to throw out this useless trash. Mason is too lazy to go and throw it out himself." Clyde said, "I want it." Clyde takes out his wallet and he gives Jason money from another universe. Jason said, "Gee thanks. I didn't think anyone would want something like this that much." Clyde said, "But I do. I need it to show that Keith who is the real mastermind genius." Jason thinks and he gets flashbacks of times where Mason and Keith would battle each other, and Keith would win or Keith would rule the world. Jason even gets flashbacks of the time Keith switched bodies with him so Keith can rule Mason's lab. Jason said, "I have an even better idea for you. I know a lot about Keith. I would make a great manager for you. I will make you famous and people will love you and you will be rich and have anything you would ever want." Clyde said, "That sounds like a deal."

Jason and Clyde are in a small cubical and Clyde sets up the computer and he connects it to the internet. Clyde shows Jason stuff from the internet. Clyde said, "I did a bunch of research and I found out that I share the same father as Keith. Somehow our father has crossed between dimensions and had a son in two universes. I am better than that Keith. Keith is a failure at everything and I am about to prove that to the world." Jason said, "You're the boss." Clyde said, "Jason, I want you to go to Mason's lab and get all known records he has of Keith. I have a feeling that the internet does not know everything. I also want you to steal Mason's latest and greatest battle weapons." Jason said, "I can't do that. Mason trusts me and

he will kick me out of the house if I did that.” Clyde said, “Wouldn’t you just go and live with that rich girlfriend of yours then?” Mason said, “That could be an option.”

Jason sneaks into Mason’s lab and Mason has his eyes glued to a new gadget that is a cylinder that is green with a blue swirl in it. Mason does not notice Jason at all and Jason goes and grabs Mason’s records on Keith. Jason goes to Mason’s vault and he is about to take some weapons but then Orbot stops him. Orbot said, “What do you think you are doing?” Jason said, “The world is in danger and Keith is behind it all. It is top secret and I am not allowed to tell anyone anything more.” Orbot said, “I don’t believe you.” Orbot shows his fists. Orbot throws one of his hands and Jason ducks and the hand hits the wall behind Jason and it deflects off the wall and it hits Orbot in the face. Orbot twirls around and Orbot said, “You must be up to something. I am still in charge of security in this lab.” Jason said, “What if I gave you some money?” Jason shows Orbot some of the money that he has and it looks exactly the same as the money used in their universe. Orbot said, “I could buy all the ladies at the bar a drink with that kind of money.” Orbot takes the money and he starts mumbling about how great money is. Jason takes the weapons and he runs out of Mason’s lab.

Jason dumps all the weapons at Clyde’s cubical. Clyde said, “Awesome. I knew I can count on you. I see you have a particle cannon and you have an atom smasher and you even have an armor deactivator. Keith will not stand a chance with this stuff.” Jason said, “I even did some more stuff. You gave me so much money that I paid for you to be on TV and be publicised. Everyone will know how great you are.” Clyde said, “Excellent.” News crews barge into the small cubical and George Ferrier is cramped in the cubical with them. George Ferrier said, “I am George Ferrier of DDD News. It seems here that our new local genius, Clyde actually came from another universe and he has here inventions that will be used in his fight against, Keith. Is this true?” Clyde said, “Yes it is. I am a lot better than that Keith fraud you have. I have this wicked armor with all these beams of power to disarm him and have him bow down at my feet.” George Ferrier said, “That seems pretty good. You hear that Keith? Beware of Clyde. He has a chance at beating you.” Keith is in his lounge and he watches this on TV. Keith said, “Is that Jason? Jason is working for Clyde? Why am I worried? Jason’s an idiot. I have loads of better gadgets to take out that, Clyde.”

Jason and Clyde sit down on the floor of the cubical and Clyde drinks a coffee while Jason drinks an orange soda. Jason said, “I guess this is it. I have done a lot of things before but none of them have ever been quite like this. I never helped a genius from another universe before.” Clyde said, “I never teamed up with an average joe from another universe before. I only ever ruled over them before.” Jason said, “I would love to go back to your universe with you. I always wanted to check out other timelines and universes.” Clyde said, “I will take you back to my universe someday. It is only fair I do.” The ceiling of the cubical is ripped off and Keith is in his robot mech and he reaches his other arm in and he pulls out Jason and Clyde. Keith said, “You think you could defeat me? Think again.” Keith throws Jason and Clyde into a building but before they hit it, Clyde activates his armor and he grabs onto Jason and he hovers around the building. Keith fires rockets out of his hands and Clyde blocks a few of them and he grabs onto one of them and he throws it back at Keith. It explodes at Keith and Keith falls back

a bit. Keith said, "You won't get away with this." Clyde said, "You and what army?" Clyde takes out his armor deactivator and he fires it at Keith and Keith's mech deactivates and falls apart and Keith is left with nothing in the streets of the city. Clyde said, "How does it feel to be on the losing side?" Keith said, "I have not lost yet." Keith takes out a ray gun and he fires it at Clyde and Clyde jumps away and part of the building explodes.

Clyde hovers over to Keith and Clyde destroys Keith's weapon. Keith tries to run away and Clyde uses his gadgets to stop Keith and bring him over to him. Clyde uses a plasma weapon to tie up Keith and have him as a prisoner. News crews are filming this. George Ferrier said, "George Ferrier of DDD News here again and this time there is an actual battle between Keith and Clyde. Which will win? Who will be the victor and how much money in damages will the city have to pay this time?" Mason is still in his lab looking over the cylinder and he sees George Ferrier reporting on the battle in the city. Mason stops and looks at the screen and he sees Keith and Clyde fighting each other. Mason said, "That Keith, he would do anything to prove he is the best. He would destroy the whole world if he had to." Mason watches the screen some more and he sees Clyde is holding onto Jason. Mason said, "Clyde has Jason? Jason is in this? I cannot let this happen. I need to do something." Mason takes the cylinder and he places it in a briefcase and he heads out into the city.

Keith is still tied up and he takes out a fusion cutter and he cuts the plasma up and he said, "I still have not lost. There could only be one great genius in the universe and it could only be me." Clyde takes out a book of documents. Clyde said, "What I have here is something that will destroy you. You will never think of anything the same way ever again." Keith said, "Bring it on. I've seen things that would make any normal man go insane. Clearly, I am not a normal man." Clyde said, "Then you should be able to see this book then and still be able to beat me." Clyde throws the book at Keith and Keith opens it. Keith sees family lines and he sees his father went into other dimensions and he sees he had families in two different universes and he sees that he had a child named Keith in one of the universes and he had a child named Clyde in the other universe. Keith said, "My father was an interdimensional traveler? He had children in another universe and... it was you?" Clyde said, "Of course it is true. It has been true all along. We have had ties and bonds together. I spent countless hours studying in my library. I have learned about cultures and ethics from all sorts of different universes. Our minds are linked. We can share knowledge. You just don't realize it. How else did you think you got to be very smart? You never spent countless hours reading about things. You just spent countless hours figuring out ways to beat, Mason." Keith thinks back and he gets a series of flashbacks that show him studying on how to beat Mason and yet he seems to know a lot more than the average person. Keith's eyes go big and he said, "It is true." Keith falls to his knees and he said, "There is no way this could be true! My whole life cannot be based around one thing. My existence cannot be so limited." Keith falls to the ground and he shakes and twitches in anguish. Clyde said, "Now you know why I am the better one. I am a lot more worthy of taking over this universe and all those other universes rather than you."

Clyde goes back to his cubical and he takes out the particle cannon. Clyde aims it at the sky. Clyde places a helmet on and he gives one to Jason and Jason places it on. Clyde said, "I

loaded this cannon with trillions of nanobots that will rain over the world and make people bow down to me. I am wearing a helmet and so is my friend, Jason so we will not get taken over by this." Clyde activates the cannon and then a metal disc hits the switch and it gets stuck in the switch so it does not turn on. Clyde said, "What?" Mason enters the scene and he said, "You are not going to rule this universe. If you knew anything, you would know that I am the greatest genius in it." Clyde takes out the atom smasher and he tries using it on Mason and it does nothing. Clyde said, "What the..." Clyde takes out more of Mason's weapons that Jason stole and Clyde tries using them on Mason and they do nothing. Clyde said, "I don't get it. How could you be so..." Mason holds a briefcase up to Clyde. Mason opens it and he takes out the cylinder that he had earlier. Clyde's eyes go big and he said, "Is that what I think it is?" Mason said, "Now this thing is your worst nightmare." Mason twirls it around and Clyde turns into a swirl and he gets sucked into the cylinder." Jason said, "What is that thing?" Mason said, "It is a device that can be used to hold people that are not indigenous to this universe. Ultraverse Keith gave it to me." Jason said, "Ultraverse Keith?" Mason said, "Ultraverse Keith came to me a few days ago and he said he was watching over Clyde in this universe as he was concerned that Clyde could be up to something. I just got Clyde in this and I guess I need to bring this back to the Ultraverse." Mason twirls the cylinder around and a portal leading to the Ultraverse opens and Mason jumps in it.

Mason appears in the Ultraverse in the house of Ultraverse Keith. Mason goes to Ultraverse Keith as he is sitting on a rock in his dojo with his eyes closed. Mason said, "I did it. I encased Clyde in this cylinder." Ultraverse Keith opens his eyes and he said, "Very good, Mason. If I was your mother, I would give you a treat. Clearly I am not your mother." Mason hands Ultraverse Keith the cylinder and Ultraverse Keith twirls it and Clyde comes out. Clyde said, "Not this place again." Ultraverse Keith said, "I have seen what you have done in the last few weeks. It seems I stripped you of almost everything and you still somehow found a way to become a powerful force that nearly ruled the universe. I think I have a bigger punishment for you. You will still be confined to that universe but in a very undesirable way." Clyde said, "That universe sucks. I don't see it being any better or worse." Ultraverse Keith said, "You will see something worse from that universe."

Mason is brought back into his universe. Mason finds Jason on the street and everything looks back to normal. Mason said, "How did everything get back to normal so quickly?" Jason said, "It always goes back to normal when the main characters leave and return to it later." Mason said, "Good point." Jason and Mason see Keith on the street and he is sucking his thumb. Jason and Mason go to Keith and Mason said, "You cannot let that Clyde control you. Anyone can say or do something but that does not mean it is true. Clyde just made up that book and he made up that story just to destroy you. Clyde has lost. If you return to how you were before, it will mean you have won over Clyde." Keith stops sucking his thumb and he said, "Do you really mean it?" Mason said, "Of course I really mean it. I don't despise you." Keith gets up and he said, "This is awesome! I knew that Clyde was just some idiot. I have more meaningful things to do for now." Keith leaves the scene. Jason said, "Is that true what you just said?" Mason said, "No. I just told Keith that so he wouldn't feel broken over the painful truth he just learned. He will also feel a great sense of accomplishment too." Jason said, "If Keith is your rival, then why are you doing this for him?" Mason said, "I know Keith well.

He is not a bad guy like we sometimes think he is. There is a good side to him and he does not deserve to feel broken like that. Also, Clyde is not doing any better right now." Clyde is in a mental institute where crazy people ask him stupid stuff and Clyde is in an orange suit and Clyde said, "I will get that Mason if it is the last thing I ever do!"
